OCS700N is dustproof and water resistant according to IP67

Upgrade Your Safety and Confidence Behind the Wheel

Enhance your vehicle's visibility with the OSRAM ROADsight Reversing Camera, a premium wired reversing camera system designed for simple installation and exceptional performance. Featuring a 7-inch AHD (Analog High Definition) monitor, the ROADsight OCS700N delivers a crisp, clear image directly to your dashboard, making reversing, parking, and maneuvering easier – day or night. The included wired camera provides a stable, high-definition 1080p feed with a 120° wide-angle field of view, giving you a broad and detailed perspective of your surroundings. Built-in infrared LEDs ensure reliable night vision capability, so you can reverse with confidence even in complete darkness.

With an impressive wired range of up to 20 metres, the system is ideal for longer vehicles such as vans, motorhomes, and trailers. Plus, it supports up to two cameras (sold separately), allowing you to create a comprehensive multi-angle view around your vehicle for better situational awareness.

The ROADsight Reverse Camera is compatible with both 12V and 24V vehicles and comes with a sunshade for improved visibility in bright conditions. Its simple installation process means you can get up and running quickly.
