## Cube MX180-CB AMBER EXTREME

### 4 in 1 functionality

White and amber position lights, LED high beam and an ultimate LED boost mode

### See and be seen with OSRAM

Up to 440 m long beam with boost function

### Combo beam pattern

Designed for both: far-field and near-field illumination

### IP & IK protection classes

Tested and validated in a DIN-certified environmental simulation laboratory

Powerful light output meets striking design – built for all terrains and demanding conditions

The OSRAM LEDriving Cube MX180-CB AMBER EXTREME redefines performance and design in one powerful lighting solution. Featuring a combo beam for both near-field and far-field illumination, it delivers an impressive light beam of up to 440m in boost mode. With a light output of up to 7.000 effective lumens, it ensures maximum visibility in even the most demanding environments. Its innovative 4-in-1 setup combines high beam, amber and white position lights, plus a boost function – offering maximum flexibility in all weather and light conditions. The distinctive amber light signature goes beyond functionality – it's a confident design statement for drivers who value both performance and design.

Tested to the toughest standards, it features IP6K8 and IP6K9K protection classes, a shatterproof polycarbonate lens, and an aluminium die-cast housing – all compact, robust, and ready for any challenge. Whether on-road or off-road, the Multifunctional Series is an effective and efficient addition to your vehicle. They can be attached to cars, trucks, agricultural machinery, commercial vehicles, construction vehicles, caravans, off-road vehicles and quads<sup>1)</sup>. OSRAM provides a 5-year guarantee on these products<sup>2)</sup>.
