Product family datasheet

BATTERYjumpstart 750

All the power you need
Reliable jump-starting for engines up to 3.0L petrol and 1.5L diesel

Powerbank-Function
Charges phones and other devices via the built in USB ports

2-year OSRAM guarantee[1)]
Systematic quality assurance measures underpin the premium workmanship and functionality of our products. Innovative technology and excellent quality really pay dividends for our customers

Powerful and safe jumpstarting for 12V vehicles with integrated USB charging and enhanced safety features

Meet BATTERYjumpstart 750, a compact and reliable jump starter for everyday vehicles. With 750A peak power, it can jump-start engines up to 3.0L petrol and 1.5L diesel quickly and safely.

Featuring a compact LED indicator system for clear feedback, the device also functions as a power bank for compatible smartphones, tablets, and other electronic devices. Built-in safety protections support reliable operation, while the included carry bag and cables make it easy to store and transport.

Whether you're on the road or away from home, BATTERYjumpstart 750 delivers reliable performance, safety, and convenience when you need it most.
